

## PTSG nets contract with Mowi Scotland

3 years ago

[Premier Technical Services Group Ltd \(PTSG\)](#) has completed vital electrical repairs at the Scottish headquarters of a major player in the seafood industry.

Mowi Scotland is leading the way with sustainability, innovation and responsibility. The company grows its salmon in the remote waters around the Western Highlands and Islands of Scotland, providing jobs and supporting rural economies in some of the most remote communities in the country.

In 2016, the company produced more than 45,000 tonnes of high-quality farmed salmon, forty percent of it for the overseas market including, most recently, China. The company is part of Mowi ASA, which is the world's leading seafood company and the largest producer of farmed salmon.

Engineers from [PTSG Electrical Services Ltd](#) are carrying out repairs to the lightning protection system in place at the facility.

A routine annual test and inspection of lightning protection systems is required by law and is carried out by the Group's specialists, who are also qualified and equipped to undertake all repairs required. In addition, they design and install bespoke systems as well as standard systems for clients in all sectors, making PTSG the UK's leading provider of lightning protection services.
