

Westgrove empowered by new recruitment process

4 years ago

Warrington based, fast growing facilities management company, The Westgrove Group has launched a new unique internal recruitment platform, streamlining their recruitment process by 30%.

Saving time, energy and money, Internal Recruiter has empowered the Westgrove Recruitment Team by providing a secure cloud-based platform that organises and collaborates recruitment across all locations.

This bespoke recruitment platform helps speed up the recruitment process and helps Westgrove to reach all of the popular job boards quickly and easily. They are able to recruit their own talent by posting vacancies to all job boards at the touch of a button. Applicants CVs, reports on activity, candidate information and prospect data are all in one place. With the support of the software, Westgrove are able to attract, manage, assess and onboard new colleagues quickly and easily.

HR Manager Hannah Denning said, "Our colleagues are at the heart of our business. We recruit from different backgrounds, looking for customer service skills above all else. Our bespoke recruitment platform helps speed up the process and helps us reach all the popular job boards quickly and easily. Internal Recruiter has made a phenomenal impact – we've streamlined our process by 30%. We have a real time view of vacancies locally and nationally and we've been able to organise and collaborate recruitment across all our locations".

Will Fairhurst from Internal Recruiter said: "We are proud that Internal Recruiter has been able to help Westgrove streamline their recruitment processes across multiple sites. We're looking forward to developing a long-lasting relationship with The Westgrove Group."

The Westgrove Group was founded by Group Chairmen Simon Whittle and Steve Fives. Based in

Warrington, Cheshire, Westgrove employs over 1000 colleagues and specialises in providing security, cleaning, maintenance and customer service to shopping centres and mixed-use destinations, corporate offices, business parks, manufacturing and airports throughout the UK. Following a successful 22-year history, the company expanded in 2020 to add technical services to enhance its well-established award-winning soft services provision.
