

Barnsdales celebrates record turnover

3 years ago

Despite the continued turbulence of the property sector, Barnsdales Group has achieved record turnover, with revenues almost tripling in five years.

Founded in Doncaster, Barnsdales has been supporting the property sector since 1905 when the company was founded by the great-grandfather of current MD, [Jason Barnsdale](#).

Operating nationwide, we provide a range of residential and commercial property services including property management, lettings and building surveyance.

While Barnsdales Group as a whole experienced growth across multiple service lines, Barnsdales Ltd, and, specifically, our valuations team saw the biggest increase in demand during the last year. This was due to increased interest in panel appointments in response to the increase in professional indemnity insurance, as well as the withdrawal of other agents from the valuation market.

Managing Director of Barnsdales, Jason Barnsdale said: "I'm extremely proud of the Barnsdales team and the way their expertise, commitment to clients and great teamwork have helped us to achieve another record year. It's been a tough and unpredictable few years for every business, but that's not to say there haven't been areas for growth and we've been able to adapt and capitalise on these very successfully.

"Our facilities management company [Barnsdales FM](#) has taken on some fantastic new work including the iPort logistics hub and the HQ of the UK's largest rail freight company DB Cargo. Meanwhile, [Regional Property Auctioneers](#) has moved to an entirely online bidding system throughout the pandemic. [Barnsdales](#) itself is also going from strength to strength with a nationwide team of property consultants."

"Running a family business is a responsibility that can feel very personal, so I'm especially pleased with what we've achieved over the last five years. I'm particularly proud of everything we've done since the

start of the pandemic and I want to say a big thank you to our team and to our clients who've put their trust in us over this period."

Since 2016/17, turnover rose by 178% across the Barnsdales Group as a whole, while turnover at Barnsdales Ltd grew by 14% in the last year, despite the pandemic.

Barnsdales Group has offices in Doncaster, Sheffield, Manchester, Lincoln, London and Cirencester and has a team of more than 60 property professionals. As well as Barnsdales chartered surveyors and property consultants, the Barnsdales Group includes Barnsdales FM, Barnsdales Living, Regional Property Auctioneers, Bridge Property Management, David Allberry & Co., Blake Property management, Marriots Commercial & Martyn Stubbs. Barnsdales Group is a member of the Royal Institution of Chartered Surveyors (RICS) and the Association of Residential Letting Agents (ARLA).
