

PTSG contracted by scientific services provider

3 years ago

[Premier Technical Services Group Ltd \(PTSG\)](#) has been contracted to provide specialist electrical services for a leading supplier of scientific services.

Thermo Fisher Scientific Services is an American supplier of scientific instrumentation, reagents and consumables, and software services – based in Waltham, Massachusetts. In the UK, the company operates in 26 locations throughout England, Scotland, Wales and Northern Ireland and has over 5,000 colleagues, representing more than 25% of Thermo Fisher Scientific's workforce in EMEA.

The company's Laboratory Information Management System (LIMS) software lets customers manage the complete testing routine of samples. Its software is used in everything from the drug testing of Olympic athletes to ensuring the perfect brewing of beer.

Engineers from [PTSG Electrical Services Ltd](#) will install a brand-new lightning protection system at the client's site in Horsham, West Sussex, providing protection for both buildings and users alike in the event of an electrical storm.

PTSG is the UK's leading provider of lightning protection services. This includes bespoke and standard system installation, test and inspection and maintenance. It also encompasses Surge protection and specialist earthing systems.
