

Ward secures contract in the centre of London

4 years ago

Ward is delighted to announce it has been appointed as security provider for a site located in the heart of Covent Garden, London.

This site is set in a stunning courtyard environment, boasting Grade A office space and a private roof terrace.

Ward has a collaborative partnership with the front of house / concierge team who provide their services throughout the business week, which ensures the best service is delivered, at all times.

The contract includes the deployment of security personnel to the building with key duties including monitoring the site via CCTV systems, managing access to the building, patrolling the business outside of business hours and providing front of house presence / service to tenants.
