

## Cygnnet takes PTSG under its wing

3 years ago

[Premier Technical Services Group Ltd \(PTSG\)](#) has been successful in a tender to provide specialist water treatment services to Cygnnet Healthcare.

Cygnnet Healthcare, which was originally founded in 1988, provides a wide range of services for individuals suffering from a variety of mental health problems. Its 'Provider Collaboratives' are a group of providers of specialised mental health, learning disability and autism services who have agreed to work together to improve the care pathway for their local population.

Each Collaborative is led by an NHS Provider and includes providers from a range of backgrounds, including the voluntary sector, other NHS trusts and independent sector providers. They will also work alongside service users, carers and families.

Engineers from [PTSG Water Treatment Ltd](#) will provide water sampling, TMV (thermostatic mixing valves) servicing and replacements, and water softener treatments. The work will take place at Cygnnet's sites in the Midlands.

PTSG works with a number of healthcare providers in England and Wales, providing water hygiene, water treatment and consultancy services in accordance with the current recognised legislative requirements and best industry practice.
