

Portico selected to deliver bespoke guest services for mixed-use luxury development at Knightsbridge Gate

3 years ago

Portico, the specialist provider of high quality, tailored guest services, today announces that it has been selected to provide a suite of bespoke guest services at the prestigiously located Knightsbridge Gate development in London.

Home to commercial, residential and retail clients, the luxury mixed-use building will be staffed 24-hours a day, 365 days a year by Portico's expert concierge and security professionals. The contract represents the company's first full-scale contract security win and marks an important milestone in the widening of its offering.

Now completed, Knightsbridge Gate provides 15 new apartments, up to 18 new retail units on the ground and basement floors and more than 18,000 square feet of commercial space above.

Amanda Kay, Director of Business Development at Portico, commented: "This is an exciting and landmark win for us, being our first fully-fledged security contract. In combination with our expert concierge team, I am confident we can deliver a first-class experience for all users of this beautiful development in Knightsbridge, be they residents, visitors or employees."

Daniel Ramrattan, Building Manager at APML Estate, added: "Knightsbridge Gate is a prestigious development, so it was important we sought a partner who has the experience and expertise in launching properties in high-profile locations and able to deliver our objectives for excellence across the board. Portico was the natural choice, and we look forward to expanding this relationship."
