

PTSG to work with Midlands Heart

3 years ago

[Premier Technical Services Group Ltd \(PTSG\)](#) has been contracted to provide specialist electrical services for housing association Midlands Heart.

Birmingham-based Midlands Heart provides homes and services that help people live independently. It owns and manages 34,000 safe and affordable homes and provides services to 70,000 people. In 2020/21, during the difficulties of COVID, the association built 350 new homes across the Midlands, invested £22m in its homes and recorded customer satisfaction scores of 90%.

A profit for purpose organisation, Midlands Heart invests every penny back into growing its business, improving services and investing in its people.

Engineers from [PTSG Electrical Services Ltd](#) will be providing specialist electrical testing and remedial works at properties throughout the group's portfolio.

PTSG is a major provider of electrical compliance services in the UK. It employs some of the industry's most experienced and qualified specialists who can deliver a complete managed compliance service for clients, ensuring duty holders have full traceability of their electrical assets.
