

PTSG to work with Trent & Dove

3 years ago

[Premier Technical Services Group Ltd \(PTSG\)](#) is to provide specialist electrical services for charitable housing association Trent & Dove.

Trent & Dove provides affordable homes for rent and shared ownership in East Staffordshire, North West Leicestershire and South Derbyshire. It has over 6,000 properties, ranging from sheltered accommodation to family homes and everything in between.

Trent & Dove helps people of all ages to secure a new home. Some of its older customers may be looking to live in a development primarily for the over 55's with a range of on-site facilities, whilst a young family may want a larger home close to local amenities.

Engineers from [PTSG Electrical Services Ltd](#) will be providing specialist electrical testing and remedial works at properties throughout the group's portfolio.

Electrical compliance is a legal necessity in domestic properties and in the workplace. PTSG forms collaborative working relationships to ensure clients' workplaces and properties not only meet the latest legislative requirements, but perform more efficiently. Their engineers use real-time online reporting to ensure safety records are always current, accurate, consolidated and documented with a version history.
