

Tim Kendall Appointed Managing Director, Secure Solutions UK

3 years ago

Secure Solutions UK is delighted to announce that Tim Kendall, currently SVP of Enterprise Accounts, Allied Universal North America, will be joining the UK&I region to take up the role of Managing Director, Secure Solutions UK on June 1st, 2022.

Tim has had a long and successful career with G4S since joining the company in 1999. Prior to taking up his current position of SVP Enterprise Accounts North America, Tim was the Chief Operating Officer of our Africa Region where he was responsible for driving operational efficiency, effectiveness, and compliance across a highly complex and diverse region.

Since relocating back to the US, Tim has been working with G4S' most strategic US-based global and national customers. Tim was also the President of G4S Regulated Security Services in North America, providing specialist services to the US commercial nuclear sector.

Tim will bring a high degree of focus on operational efficiency and customer service while ensuring that the business' ambitious growth goals are met to achieve a market-leading position.
