

ISS Mobilises Contract with Global Investment Company, abrdn

4 years ago

ISS has mobilised a new contract with abrdn. The new contract, won earlier in 2022, sees ISS deliver technical, catering, support, workplace, and cleaning services at ten sites across Scotland and England.

The three-year contract, which covers 3,000 desks and 130,000 ft², will focus on delivering a technologically enabled and superior workplace experience for all of abrdn's UK colleagues.

abrdn, who are headquartered in Edinburgh, have around 5,000 employees globally and manage and administer £542 billion of assets for clients. ISS will support a positive workplace culture through continuous service development, data-led delivery, and effective change management.

Tracey Hahn, Chief People Officer, abrdn, said: "After an extensive market search, we're delighted to select ISS as our strategic partner in providing workplace services across the UK. Through our new collaborative partnership, ISS will help in our ambition to create sustainable and future-fit workplace environments that enable our colleagues and clients alike."

Nicola Morris, Managing Director – Banking for ISS UK & Ireland, said:

"We are thrilled to have been chosen by abrdn as their workplace services partner – this is a partnership built on a foundation of shared values. We are excited to be embarking on this journey with abrdn and deliver positive employee and customer outcomes through our service delivery. It's brilliant to have been given the opportunity to build this fantastic partnership."
