

Kier Places appointed to £35bn CCS Facilities Management and Workplace Services Framework

3 years ago

Kier Places has been awarded a place on the Crown Commercial Service's (CCS) £35bn Facilities Management and Workplace Services RM6232 Framework.

Kier has been appointed to Lot Group 2 – Hard Facilities Management, Lot 2b and Lot 2c on the Framework.

Under the four-year Framework, which includes a focus on net zero and supply chain partnerships, Kier Places will provide the full range of Hard Services including mechanical and electrical engineering maintenance, and internal and external building fabric maintenance, as well as a number of statutory obligations including asbestos management and electrical testing.

CCS supports the public sector to achieve maximum commercial value when procuring common goods and services.

In 2020/21, CCS helped the public sector to achieve commercial benefits worth over £2.04bn – supporting world-class public services that offer best value for taxpayers.

Mark Whittaker, managing director, Kier Places, states: “As an experienced supplier of FM services to central and local government clients, we are delighted to have been appointed to the CCS Facilities Management and Workplace Services Framework.

“We'll use our extensive expertise to deliver stand-out FM support that will provide a quality service for the

occupants of the buildings, as well as providing social value to the wider communities we will operate in.”

Delivering a full range of services in over 2,000 buildings with skilled teams who maintain over 20,000 assets, Kier Places has extensive experience in delivering hard facilities management services for public sector clients like the Ministry of Justice and Wiltshire Council.
