

Novus names Lee Spencer as new Head of Operations

3 years ago

[Novus Solutions](#) has appointed Lee Spencer as its Head of Operations for its Projects service, one of its streamlined offerings launched last year as part of an ambitious five-year growth strategy.

Lee brings over 25 years of experience within the construction sector – including 20 years’ contract management experience – to the role, and has a strong reputation across the industry for building client relations and delivering operational excellence. Since entering the construction industry as a tradesperson, Lee has continuously expanded his skillset and advanced his career, successfully delivering a wide range of multi-million pound new build and refurbishment contracts.

This vast experience will be invaluable in continuing to build Novus’ Projects service, which offers internal, external refurbishment and remodelling services, as well as one-off maintenance projects. Lee’s role will also cover the company’s new Interiors service – launched earlier this year – which provides a full turnkey solution for both the private and commercial sectors, including fast-track fit-outs and major refurbishments.

As Head of Operations, Lee will oversee all aspects of these Projects and Interiors services, from initial contact with potential – and existing – clients, to the end of a project term, including bidding and on-site processes.

Commenting on his new role, Lee said: “One of the main reasons I joined Novus is its reputation as a great place to work with a positive culture. I like that it’s a family-owned business that clearly upholds these values, yet has an impressive turnover – it’s rare to find a company with both.

“I’m delighted to have joined Novus as Head of Operations for Projects, and have been welcomed into the team straight away. It’s an exciting time to join Novus as it begins to see the positive effects of its growth

strategy launched only last year, and I'm looking forward to playing a role in this by nurturing the team and helping to take them - and the business - to the next level."

Lee Hartley, Chief Operating Officer at Novus Property Solutions, added: "Novus has a long-held reputation for excellence in our key sectors of housing, healthcare and education, and we have continued to build on this since the launch of our streamlined service offering which includes Interiors. We're pleased to welcome Lee to Novus, and have no doubt that his extensive knowledge and experience of the industry will play a vital role in the continued execution of our growth strategy."
