[OCS](#), the international provider of facilities management services, has announced that its team at Middleport Healthcare Centre has won Best Cleaned Premises Healthcare Establishment at the Kimberly-Clark Professional: UK and Ireland Golden Service Awards.

The awards were held on Thursday 26th May at the InterContinental London Park Lane.

OCS has also congratulated its colleagues Tracy Byrne & Valerie Greasley, who were highly commended in the Cleaning Operative of the Year category.

OCS creates serviced offices for people who want to work in new ways, to customers who benefit from our low-risk, flexible model.

The company has more than one million square feet of office space in 44 buildings in the UK.

As OCS has grown, the way people use its spaces has changed. The company has introduced 'zoning', a new design concept that gives users access to multiple types of workspace under one roof, from traditional office space to collaborative zones.
