

## PTSG's divisions work together in Manchester

3 years ago

[Premier Technical Services Group Ltd \(PTSG\)](#) has delivered specialist building access services on a new development in Manchester called La Reserve.

La Reserve Aparthotel Manchester is situated 4.5 km from Old Trafford Stadium. The venue features complimentary WiFi, ironing facilities and floor to ceiling windows in the rooms. The contemporary units come with great views of the city. A microwave, a freezer and a washing machine are provided and showers, guest toiletries and towels are included too.

Engineers from [PTSG Building Access Specialists Ltd](#) were drafted in by sister company [PTSG Electrical Services Ltd](#) to provide abseil expertise in the cleaning of the exterior of the building.

Abseil, or rope access, is used widely by PTSG's building access specialists to perform not just window or cladding cleaning but a variety of installations and repairs, decorations, as well as surveys. It is generally considered to be the safest and most efficient method for access building exteriors, allowing operatives to cover all areas quickly and safely.
