

PTSG to work with Karbon Homes

3 years ago

[Premier Technical Services Group Ltd \(PTSG\)](#) has been contracted to deliver specialist electrical services for Karbon Homes.

Since its formation in 2017, Karbon Homes has focused on delivering its three strategic aims: to provide as many good quality homes as it can; to deliver excellent service to its customers; and to shape strong, sustainable places for its communities.

The housing provider's footprint covers the North East of England and Yorkshire, with almost 30,000 homes across diverse communities, all facing different opportunities and challenges.

Engineers from [PTSG Electrical Services Ltd](#) will deliver EICRs (electrical Installation condition reports) and remedials at 1,500 properties across the company's portfolio.

Electrical compliance is a legal necessity in the workplace and our experts will form a collaborative working relationship with you to ensure your workplace not only meets the latest legislative requirements, protecting your duty holder at all times, but performs more efficiently.
