

DMA secures 4-year programme at University College London

4 years ago

DMA Maintenance is delighted to have won through competitive tender, the design and build contract working on 18 Biological Services Units at UCL.

This 4-year, multi-million pound agreement comprises the MEP and fabric services upgrades necessary to ensure continued Home Office compliance.

Founded in 1826, UCL is London's leading multidisciplinary university, with more than 13,000 staff and 42,000 students from 150 different countries. UCL is a diverse intellectual community, engaged with the wider world and committed to changing it for the better; recognised for its radical and critical thinking and its widespread influence; with an outstanding ability to integrate our education, research, innovation and enterprise for the long-term benefit of humanity.

A spokesperson said: "We are proud to be supporting UCL and look forward to delivering this critical project and the prospect of a long and mutually rewarding relationship."
