

Enva and Frank Key announce Strategic Partnership

3 years ago

Enva and Frank Key have announced the formation of a 3-year Strategic Partnership that will see the independent builders merchant and plant & tool hire specialist outsource its skip hire and waste management services to Enva.

Under the terms of the agreement, from 1st September 2022, Enva will provide skip hire and waste management services to Frank Key customers across all of its 17 branches in Nottinghamshire, Derbyshire, Yorkshire, and Lancashire.

In doing so, Frank key will expand its skip hire coverage area while also enabling both organisations to explore additional commercial opportunities such as the provision of recycled aggregates and hazardous waste services. Customer's will also benefit from access to the latest recycling technology. On average, Enva will recycle 98% of the construction waste processed through its own facilities.

Commenting on the partnership Frank Key's Operations Director, Richard Meeks, said: "Frank Key are continuously exploring cost effective ways to add value to the products and services we offer to our customers, especially in the current climate. It is great to have formalised a long-established relationship with Enva to provide skip hire and waste management services on our behalf. We look forward to all our customers benefiting from this partnership."

Enva's Head of Sales, Kirsty Woodward also commented saying: "We are delighted to partner with Frank Key and are looking forward to delivering a high quality and cost-effective service for all their customers. We will also be working closely with the team at Frank Key to leverage the opportunities presented by a closely aligned range of services and sustainable products."
