

PTSG wins major contract with RUH Bath

3 years ago

Premier Technical Services Group (PTSG) has secured a five-year contract to provide fire solutions for Royal United Hospitals (RUH) Bath.

The contract will see PTSG's Fire Solutions engineers delivering maintenance of dry risers and call-out servicing of fire alarms for this leading acute-care hospital situated 1.5 miles west of Bath's city centre.

RUH Bath occupies a 52-acre site and has 565 beds and an accident and emergency facility, serving 500,000 people in Bath and the surrounding towns and villages in North East Somerset and west Wiltshire. It is one of the largest hospitals in the region.

PTSG's engineers will be working exclusively with Honeywell Gent fire alarms. Honeywell Gent is widely acknowledged as providing the most advanced fire detection and alarm systems in the market.

PTSG provides a full range of fire prevention and suppression systems and tailored security systems for a every kind of public and private buildings:

- Dry Riser Installation/ Maintenance
- Sprinkler Installation/Test/ Maintenance
- Fire Alarm/Emergency Lighting Test/Installation
- Fire Extinguisher Test/Supply/Maintenance
- Passive Fire Systems
- CCTV, Access & Intruder
- Suppression Systems (including kitchens)
- Sprinkler Pump Maintenance
