

VPS Welcomes Spencer Rock as Managing Director

August 10, 2022

VPS Group has announced the appointment of **Spencer Rock** as **Managing Director of the business.**

With 15 years' experience at facilities management giant, Mitie, Spencer moved from being Commercial Director there in 2019 to become Chief Operating Officer at Tivoli Group, the grounds maintenance provider, whose clients range from English Heritage to the MOD.

On his appointment to VPS as Managing Director, UK and Ireland, Spencer says: "I am delighted to be joining VPS - it's a company that makes such a difference for its customers, protecting both their people and assets on a daily basis. Its great professionalism has won it respect from both its peers in the industry and its clients, plus it genuinely provides a national reach with a local service. I'm looking forward to continuing to build on its sector-leading operational performance, working with the VPS family, and supporting them on this journey."

The VPS Group has a diverse customer portfolio ranging from the majors in insurance, pubco's, facilities managers, housing associations and local authorities for vacant property security, through to the construction and highways sectors for its site and safety provision.
