

PTSG is the perfect foil for manufacturer in Livingston

3 years ago

[Premier Technical Services Group Ltd \(PTSG\)](#), via constituent company HCS, has been awarded a new contract to support API Foilmakers Ltd with a variety of Water Treatment Services.

API Foilmakers Ltd manufactures stamping foil for the premium packaging market. This includes hot stamping foil in metallic and pigment grades, metallic cold stamping foil for both rotary and sheet fed applications as well as licence plate foil.

The company's foil manufacturing plant is situated in Livingston, near to Edinburgh. It services its overseas customers via wholly owned and strategically placed companies situated across Europe. On these sites, there are over 25 million square metres of foil and equipment to convert to bespoke specifications, allowing its teams to move fast to meet its customers' requirements.

HCS is a premium provider of Legionella control and management of water systems; its team delivers water treatment services for customers in all industry sectors.

HCS operates part of [PTSG Water Treatment Ltd](#), one of five independent divisions of PTSG. The other divisions are being PTSG Access & Safety Ltd, PTSG Electrical Services Ltd, PTSG Building Access Specialists Ltd and PTSG Fire Solutions Ltd. Together, they deliver the full range of specialist services to the construction and FM sectors.
