

PTSG gives Cadbury a taste of its skills in Sheffield

3 years ago

Premier Technical Services Group Ltd (PTSG) has completed a specialist electrical services project at Cadbury Trebor Bassett in Sheffield.

George Bassett originally set up as a sweet manufacturer in 1859. The story goes that the famous Liquorice Allsorts were created when a salesman tripped while carrying a tray of liquorice sweets, which got mixed up together, and the idea was born. The George Bassett & Co Ltd factory in the Owlerton district of Sheffield became Cadbury Trebor Bassett in 2007.

Engineers from [PTSG Electrical Services Ltd](#) have completed a test and inspection of the lightning protection system in place at the facility. This is required on an annual basis to ensure compliance with regulations.

PTSG Electrical Services Ltd is the UK's leading supplier of lightning and surge protection services. Its engineers deliver systems and equipment, as well as test and inspection, upgrades and maintenance, for clients in all industry sectors.
