

PTSG specialist services to protect London properties

4 years ago

[Premier Technical Services Group Ltd \(PTSG\)](#) has been contracted to deliver specialist electrical services at 1-40 Gilesmead in South-East London.

Situated in the London Borough of Camberwell, 1-40 Gilesmead is a residential block offering flats in a range of sizes and layouts.

Some historians believe the name Camberwell means 'Cripple Well', and that this south London suburb was originally established as a settlement for poor folk expelled from other parts of London in the eleventh century for having diseases such as leprosy. The lepers were sent to Camberwell for treatment from its ancient wells and generous churches. Fast-forward to 2017, though, and Londoners are flocking to the area.

Engineers from [PTSG Electrical Services Ltd](#) will install a brand-new lightning protection system to protect the development from future lightning strikes.

PTSG Electrical Services Ltd is one of five independent business divisions of PTSG. The others are: PTSG Access & Safety Ltd, PTSG Building Access Specialists Ltd, PTSG Fire Solutions Ltd and PTSG Water Treatment Services Ltd.
