4 years ago

Volta Compliance is pleased to announce it has gained a place on Goldman Sachs' coveted 'The Resilient Business' programme.

Volta Compliance was already part of the Goldman Sachs 10,000 Small Businesses UK alumni prior to being offered a place at 'The Resilient Business'. We will join a select number of other businesses at the autumn 10,000 Small Businesses UK convening, that will be hosted in Oxford on Tuesday 29th and Wednesday 30th November 2022.

The investment banking giant developed the 10,000 Small Businesses UK programme to provide high-quality, practical education and business support to leaders of high-growth small businesses and social enterprises across the country.

As Goldman Sachs has said, these small businesses play a vital role in creating jobs and driving economic growth in the UK through innovation and market expansion. Volta Compliance is proud to be amongst these businesses.

2022 has been an extremely successful year for the Leeds-based electrical contracting company. In June, Managing Director Richard Carr and his team learned that they had been listed on the Digital Enterprise Top 100 - which helps growth-focused businesses in West Yorkshire to scale up and achieve digital transformation.

More recently, in August, the company announced it had been shortlisted in the inaugural Connect Yorkshire Business Awards which will take place on 30<sup>th</sup> November 2022 at the Royal Armouries Hall in

Leeds. Volta Compliance is shortlisted in two categories: 'Small Business of the Year' and 'Outstanding Achievement'.
