

## DMA Group appoints Sales & Marketing Director

3 years ago

DMA Group is both delighted and excited to announce the appointment of Valerie Miller as Sales & Marketing Director.

Previously with Bellrock for 19 years until its recent sale, Val worked her way through FM and account management roles to become Group Sales & Marketing Director responsible for all aspects of growth.

Bellrock was a fast growing, VC-backed FM business with a strong technology platform, so Val's skills and experience align closely with DMA's vision to smash the UK maintenance industry powered by transformational technology.

A spokesperson said: "Welcome to the DMA family Val. We look forward to your valued contributions to make it happen as an integral part of our great team."
