

## Jaguar wins M&E contract at 8 St James's Square

2 years ago

Jaguar Building Services is delighted to announce the award of a new three-year agreement to provide mechanical and electrical maintenance services at 8 St James's Square.

On behalf of CBRE, Jaguar will be responsible for the engineering requirements at the stunning 65,500 ft<sup>2</sup> building located in the heart of the West End. 8 St James's provides its occupiers with high quality office space, two terraces and exceptional views of the city.

St. James's is widely recognised as the most prestigious office community in the West End. The location is internationally renowned for its five-star hotels, restaurants, art galleries and member's clubs.

Roger Starling, Business Unit Head commented:

"We look forward to continuing our partnership with CBRE and providing an excellent service at St James's over the next three-year period."
