The PFM Awards 2022 held on 2nd November at The Brewery, Chiswell Street, London, brought together organisations from across the Workplace & Facilities Management industry. Other winners on the night included leading organisations such as Churchill and CBRE.

Colin Kimber, Associate Director, commented "We are so thrilled to see Pareto recognised for our partnership with Flutter and to receive the Partners in SME award. We've worked so hard to bring something different to the market and continue on our mission to change the face of FM. This award represents the incredible efforts and hard work from our teams."

Azekai Siaph Marketing Executive commented "What a journey it has been! 8 months ago, I had never even heard of the Workspace and Facilities Management sector and to be recognised for my contribution in the short time is just amazing. I am so grateful not only for the opportunity to initially join Pareto as a Kickstarter, but then stay on permanently, working on one of the leading client accounts. I'd like to say thank you to the senior members of the Pareto team for all the opportunities we've had together. This has been an inspirational journey for me, and we are only just getting started."

Andrew Hulbert, CEO & Managing Director, commented "To be recognised for our work around SME Partnerships and promoting our Team Members is just incredible for Pareto. These awards represent everything we stand for. We are overwhelmed by the positivity we've recently received from the Workspace and Facilities Management sector. We are so grateful to everyone that continues to support us and thank you to our superhuman teams for making all this possible. To add these awards to the three we recently won at the IWFM Awards is just beyond anything we could have dreamed of. Amazing stuff. This is inspirational for Pareto."
