

Ward and clients take part in the 'Christmas Wrap Day'

3 years ago

On Tuesday 20th December, Team Ward spent the day wrapping Christmas presents as part of its 'Christmas Wrap Day' at three of its sites, The Bower, Cannon Place and Southbank Central.

The gifts were kindly donated from tenants at each of the sites, each site did an outstanding job which resulted in 112 presents being wrapped.

This week, some of Team Ward took part in a Christmas Wrap Day. They spent the day at three locations across London, wrapping presents that will then be donated to Young Hackney and University College London Hospitals NHS Foundation Trust.

The team delivered the presents to Ward's chosen charities. One of the charities is Young Hackney Shoreditch Adventure Park who will be giving the presents out at their Christmas party, the other charity is University College London Hospitals NHS Foundation Trust who will be handing out presents to children undergoing treatment on Christmas Day.

A spokesperson said: "A huge well done to Daisy and Elaine for organising, our clients, Ashdown Phillips, Savills and CBRE for supporting this great cause and a big thank you to our friends at M4 Facilities Management Limited for their support in hiring a vehicle to transport the balloons to each site.

"We really hope that these gifts will make a difference to a child's Christmas this year and we're delighted that, together, we could make it happen."
