

Apleona UK get the green light with Yunex Traffic

3 years ago

[Apleona UK](#), Facilities Management Specialists is delighted to be extending its relationship with Yunex Traffic, having been awarded a contract extension with additional cleaning services.

Apleona's existing contract with Yunex Traffic commenced in 2019 with the award of the Technical and Managing Agent contract to deliver services including mechanical & electrical, fabric maintenance, reactive works, grounds keeping, winterisation and projects, across their UK portfolio. This has now been extended for an additional year, and will also incorporate the delivery of cleaning to 15 sites.

Apleona will build on the success of the current partnership and continue to develop our collaborative approach, with an aim to offer a better environmental and sustainable focused delivery. The contract started on 1st December 2022.

Jacqui Paice, Apleona UK's Managing Director says: 'This is more fantastic news for Apleona UK and I delighted to secure this extension. Regional Director, Rachel Broughton-Stronghill and her team have done a truly great job to build strong foundations and work in synergy with Yunex Traffic over the past few years. I look forward to continuing to work together this year.'

Marc Ujvari, Finance Manager at Yunex Traffic UK says: 'Yunex Traffic has benefited from Apleona's experience in the FM arena over the last three years and we are looking forward to strengthening that relationship further with the addition of the cleaning contract and the benefits that will bring.'
