

Contract extended for two years with BASF

3 years ago

BASF has awarded [Sodexo](#) a two year extension to its soft and hard FM services contract for six sites in the UK and Ireland including its UK head office in Stockport.

The company has delivered services to BASF for over 30 years, and since 2014 has been delivering full IFM services at six of the client's sites in the UK and Ireland. The two organisations share a similar set of corporate values and commitment to [corporate responsibility](#) and work together to drive real improvements to people's lives, to communities and to the planet.

BASF is one of the world's largest chemical companies, supplying raw materials to most industries including agriculture, automotive, chemicals, construction, energy and pharmaceuticals. The company employs some 800 people in the UK and Ireland.

Sodexo delivers environmental, health and safety (EHS) services, technical and maintenance services, cleaning, security, reception and visitor management as well as remote maintenance at a number of the sites.

The company's [corporate services business](#) delivers workplace services, facilities management and food services to some of the world's most recognisable brands. Its teams have expertise operating across a range of different environments in the corporate sector, including headquarters, regional offices, data centres, manufacturing centres and research and development hubs, in sectors as diverse as professional services, financial services, pharmaceuticals, media and technology.
