

## Get a great deal from FM Recruiter this January

3 years ago

If you are looking for talented professionals to help your business grow this new year, it is the perfect time to try [FM Recruiter](#), the new FM sector exclusive job board.

Since launching late last year, the revolutionary platform has already attracted more than 20,000 visitors and is advertising jobs from leading recruiters in the FM sector.

For the month of January, there is an extra incentive for new users to trial the job board and job marketing service. The FM Recruiter January Special Offer means that 60 standard job credits can be purchased for £900, the equivalent of £15 per job advert. Credits can be used any time until the end of June 2023 and there is an extra bonus available to the first five responders who quote Jan60, as they will receive five extra Featured job credits worth £1,219.

Dean Bruce, managing director, said: "Following the successful launch of the RBD Rail Recruiter jobs site in May of 2022, we launched FM Director six months later. Despite being relatively new, the site is already attracting large numbers of visitors and we are also helping our clients to raise the profile of their jobs and businesses.

"FM Recruiter fills a clear gap in the market; it is a job board that caters exclusively for the FM sector, and is uniquely supported by the marketing and profile-raising power of FM Business Daily. Up to 12,000 FM jobs are available to search at any time."

The idea has always been for FM Recruiter to be the go-to place for all recruiters large and small and for all job seekers in the FM sector.

Jobs advertised on the website include everything from property managers, security experts and engineers to caretakers, chefs and cleaners. In addition, the site advertises senior executive roles and support activities in FM businesses such as accountancy, IT, sales and HR.

Dean added: “We are aware in the current candidate-led jobs market, recruitment can be tricky and a big use of time and resource for companies of all sizes.

“The FM Recruiter proposition has been designed to adapt to this difficult period. As part of the Business Daily Group of companies we have unparalleled marketing reach to promote jobs to a qualified audience of FM professionals, which is proving to be highly valuable to our clients.

“The deal represents a big saving but if we are to become the place for all recruiters and job seekers, it is important that every business working in the sector has the opportunity to try the platform.
