

KST appoints Director For DYMENSION Business

3 years ago

Kings Secure Technologies is excited to announce the appointment of David Evans as Managing Director for its group company, [DYMENSION](#).

With full responsibility for the leadership and development of the DYMENSION business, David will play a key role in meeting the company's international growth goals on becoming the leading process, trend and data analytics solution in the security, life safety and compliance sector. David will also be instrumental in building on the company's outstanding reputation to existing clients.

After a 30-year career background in the police and in counter terrorism, David founded and currently chairs the global terrorism information network TINYg. This is alongside building Global Aware International from start-up, which he ultimately sold to Mitie in 2019. David brings with him a strong skill-set and an excellent reputation for relationship-building, high performance and team leadership.

David joins at a key point in DYMENSION's growth: his experience in security and business intelligence systems, combined with his commitment to delivering service through technology will help KST gain a leading position in this evolving sector.

Commenting on the appointment, KST CEO, Bob Forsyth: "I am delighted that David will be joining us as DYMENSION's Managing Director. David's incredibly strong knowledge and experience will be vital as we continue our ambitious plans to grow and develop our process, trend and data analytics offering for our clients."

David Evans added, "I am thrilled to have been given the opportunity to lead a strong team of people who are specialists in this sector, many of whom I have worked with over the years. The product currently

enjoys some excellent clients in 20 countries and provides true innovation, functionality and remarkable value. I look forward to this journey with DYMENSION and invite you to join us on that journey – feel free to contact me with any interest.”
