

## PTSG completes project for construction and structural engineering firm

3 years ago

[Premier Technical Services Group Ltd \(PTSG\)](#) has completed a specialist electrical contract for a Plymouth-based construction and structural engineering company.

Operating predominantly in the South-West of England but available throughout the UK, Guardian Industrial (UK) Limited is a construction company based in Plymouth, specialising in new build houses and small to medium, steel frame commercial and industrial units. –

The company's structural engineering team is the basis for a one-stop shop, delivering all customers' construction requirements. It also specialises in the restoration / renovation of historic Grade 1 and 2 listed buildings and ancient scheduled monuments. Guardian Industrial (UK) Limited is an LABC Registered Builder.

Engineers from [PTSG Electrical Services Ltd](#) recently completed repairs to the lightning protection system for Guardian Industrial UK Limited. This ensures it complies with industry standards and is fully operational for the next year to protect structures and all users.

PTSG is relied upon to design, install, test, inspect and maintain lightning and surge protection systems at buildings and structures of all kinds throughout the UK in sectors as diverse as healthcare, education, retail, aviation and defence, public sector and government and industry.
