

New chapter begins with British Library contract

2 years ago

[Atlas FM](#) has been re-appointed to deliver cleaning and support services for the British Library.

The contract will see the company continuing to deliver cleaning and support services to the public site in St Pancras, London and the collection site in Boston Spa, Yorkshire ensuring they are clean, safe and operational. The British Library's collection of over 170m items includes artefacts from every age of written civilisation, with around 3m new items added every year.

The award follows a highly competitive tender process, and the appointment was made through Crown Commercial Services.

Atlas Group managing director Chris Wisely said: "We are delighted to continue our relationship with a world-leading institution. We highly value the long-term partnership we have developed with the team at the British Library, and we are particularly proud of our people who help keep it clean, safe and well-cared for on a daily basis."
