

Precision FM Appoints New Business Development Manager

2 years ago

Precision FM has announced the appointment of Peter Hutchinson as its new Business Development Manager.

With over a decade of experience in customer service and business development, Peter will help Precision FM expand its reach into new business sectors while continuing to support the business to deliver exceptional FM services to existing clients.

Peter will be responsible for expanding the company's relationships with existing clients, seeking new contracts and work opportunities, and driving growth across the business. His extensive business development and customer service background will enable him to build strong relationships with clients and stakeholders while leveraging Precision FM's proven track record of delivering high-quality facilities management services.

"I am excited to be joining the talented team at Precision FM," said Peter Hutchinson. "The company has a strong reputation for excellence in facilities management, and I am eager to help drive business growth working with both Precision FM's current customer base and identify new opportunities and deliver solutions that exceed their expectations."

Established in 2012, Precision FM offers a total facilities management (FM) service spanning the entire building and property management environment. Multi-award winning, and with nationwide coverage, the company's experience in delivering FM services to many different sectors, from commercial maintenance, defence facilities, public sector services and beyond, is second to none.

Commenting on Peter's appointment, Brij Thankey, CEO at Precision FM said: "We are pleased to welcome

Peter to the Precision FM team. Peter's extensive experience in delivering value for customers will be instrumental in helping to deliver the high service standards for which Precision FM is known.

"His appointment will allow us to drive focus into securing new customers within the sectors where we can readily demonstrate our extensive experience, while also enable us to expand into other industry sectors to offer our innovative, value driven FM services."

Precision FM continues to enjoy strong company growth which Brij believes is down to the company's total customer focus approach coupled with a corporate culture where both staff and its customer base can thrive.

Brij continues: "We have a clear roadmap for success, driven by our commitment to be an ethical FM provider, offering innovative FM solutions, and pioneering the latest technology to bring real cost-savings to all our customers. As a business we place a great deal of emphasis on delivering a first-class service, delivered by a team of passionate, committed people."
