

## UCB renews contract following competitive tender

2 years ago

Corporate office FM specialist [Anabas](#) has retained its contract with biopharmaceutical company, UCB after a competitive tender process. The seven-figure contract is for a five-year term with the option to extend for a further two years.

As part of this contract, the company is supporting UCB in the running of its current UK headquarters in Slough and its future operation at UCB's new campus when it relocates to Windlesham, Surrey.

The contract extension includes account management, reception, office and logistics services, mail room, cleaning and environmental services, and grounds maintenance. The contract extension continues the initial partnership which commenced in 2017.

UCB is a global biopharmaceutical company dedicated to discovering and developing treatments

that aim to transform the lives of people living with neurological and immunological conditions. The UK is home to one of UCB's three state-of-the art global discovery research centres.

Anabas managing director Alistair Craig said: "It is a great honour to have retained our contract at UCB. It is testament to the high-quality service our Anabas team delivers and the outstanding working relationship we have with the UCB senior management team."

UCB head of UK FM Les O'Gorman said: "We are delighted to continue our relationship with Anabas as our soft FM provider. The workplace services Anabas provide are vital in helping our colleagues making UCB a great place to work."
