

## Apleona and CTS collaborate successfully with first business win

2 years ago

[Apleona UK](#), Facilities Management Specialists, is proud to report that it has won the award to provide cleaning and associated services for a prestigious UK legal firm.

The award marks the first significant business synergy between Apleona UK and the law firm's Facilities Management partner, Combined Technical Solutions (CTS), who were acquired by Apleona UK in October 2022.

The contract covers 21 sites spanning the UK and went live on 1st March, following an expedited two week mobilisation period. Apleona have embedded their sustainability and digitalisation initiatives within the contract and look forward to working together with CTS to develop these key drivers further for the benefit of the Client.

Jacqui Paice, Managing Director Apleona UK comments: 'This is an excellent opportunity for Apleona and CTS to combine our strengths and expertise to deliver a first-class service to a high profile corporate client. This year is all about growth and this is the first of many collaborations. I look forward to meeting our new employees.'

CTS Managing Director Bryan McLaggan adds: 'The integration with Apleona UK so far has been seamless and they have truly welcomed us. This partnership with this prestigious client is just the beginning, and I am excited for the year ahead under the Apleona umbrella.'
