

J S Wright appoints new IT manager

2 years ago

Mechanical and electrical services specialist [J S Wright](#) has appointed Dean Burgess as IT Manager.

Based at the company's Birmingham headquarters, Dean has more than 15 years of experience in the IT industry.

He was previously Head of IT for national children's charity NYAS (National Youth Advisory Service), where he was instrumental in gaining the charity Cyber Essentials accreditation vital for gaining government contracts.

Dean will be responsible for developing and maintaining the electronic network systems for both J S Wright and its sister company Wright Maintenance, which includes ensuring that all their systems remain secure and compliant.

Working with Associate Director IT and Support Services Simon Bevin and Finance Director John Stevenson, Dean will also play a key role in the ongoing digitalisation of the company's management systems that will increase efficiencies by making all data accessible as a single source of truth.

Peter Grierson, Managing Director, said: "Dean will help support our ambitious growth plans and enable us to provide an even better service to customers."

Established in Birmingham in 1890, J S Wright designs, manufactures, and installs mechanical and electrical services for the hotel, residential, social housing, student accommodation, leisure, and commercial sectors. Its sister company Wright Maintenance provides a facilities maintenance service.

J S Wright was named Construction Services Employer of the Year in the 2020 BAME Apprenticeship Awards and is signed up to the Chartered Institute of Building's Diversity and Inclusion Charter.
