

PTSG checks into Mercure Exeter

2 years ago

[Premier Technical Services Group Ltd \(PTSG\)](#) has completed a specialist electrical services project at the Mercure Exeter Rougemont Hotel.

The four-star The Rougemont Hotel in Exeter is an elegant Victorian building situated in the city centre close to the mainline Exeter railway station. There are 98 bedrooms and suites, the majority of which are newly refurbished. The hotel also boasts a newly refurbished restaurant and 10 meeting rooms, the largest of which seats 300 people theatre-style, making it a popular choice for business meetings and seminars.

Engineers from [PTSG Electrical Services Ltd](#) have carried out repairs to the lightning protection system at the Mercure Exeter. These repairs were necessary to ensure the facility meets the latest industry standards and is fully safe and operational to protect the structure and all users.

PTSG is the UK's leading provider of lightning protection services. Its engineers are at work throughout the nation, delivering test and inspection, repairs, upgrades and brand-new bespoke or off-the-shelf lightning and surge protection systems. PTSG serves clients in all industry sectors.
