

PTSG delivers specialist services at Norfolk school

2 years ago

Premier Technical Services Group Ltd (PTSG) has been contracted to deliver specialist water treatment services at a secondary school and sixth form with academy status in Norfolk.

As well as serving Taverham, Taverham High School has a catchment area that includes the adjoining villages of Drayton, Costessey and Ringland.

The school was first established in September 1979, and was based at Hellesdon High School for its first academic year before relocating to the present campus. It converted to academy status in April 2013, and was previously a community school under the direct control of Norfolk County Council with specialist Sports College status.

PTSG Water Treatment Ltd has extensive experience of successfully managing multiple water hygiene and water treatment contracts within the education sector. As one of five independent businesses divisions within PTSG Water Treatment Ltd combines the specialist skills and knowledge of its engineers with the very latest cutting-edge tools to deliver high performance, safety and consistency. PTSG ensures water safety, protection from Legionella and decontamination from many other bacteria and viruses.
