

## PTSG to work at Stornoway Fire Station

2 years ago

[Premier Technical Services Group Ltd \(PTSG\)](#), via constituent company HCS, is now working Stornoway Fire Station to deliver a wide variety of water hygiene services.

In recent years, the Western Isles communities have benefited from nearly £3m of investment which has transformed the fire station at Stornoway, delivering modern training facilities. The investment has doubled the size of the former station, which now includes additional office space for support staff. It also means that firefighters across the Western Isles can receive training closer to home, equipping them to stand on the front lines at times of emergency.

HCS forms an integral part of [PTSG Water Treatment Ltd](#) and will be delivering a variety of water treatment services for properties and assets for Stornoway Fire Station.

PTSG offers a wide range of services in industrial water hygiene and water treatment, combining the specialist skills and knowledge of its engineers with the very latest cutting-edge tools to deliver high performance, safety and consistency. As a trusted partner to customers in a wide range of industry sectors, the Group ensures water safety, protection from Legionella and decontamination from many other bacteria and viruses.
