

Higher Education Campuses to receive static maintenance management from Ergro

2 years ago

Located around Kensington, Battersea and White City, the impressive collection of postgraduate education and research facilities boasts a double-height display/assembly hangar, state-of-the-art workshops, studios, a lecture theatre and laboratories.

As a static contract site, [Ergro](#)'s 6 x experienced multi-skilled engineers and technicians are permanently mobilised across the campuses in a full-time capacity, responsible for the servicing and reactive repair work to a broad range of assets, within buildings of widely varying ages and functions. The scope of these assets includes:

- Mechanical
- Electrical
- Heating
- Air conditioning
- Public Health

Ergro are extremely proud of this appointment, as securing a multi-site resident maintenance contract of this magnitude, resulting from a long-term development of trust with the client, demonstrates the company's proven ability to provide a reliable and high-quality service level to a diverse range of

environments.
