

PTSG builds successful relationship with world leader in cable systems

2 years ago

[Premier Technical Services Group Ltd \(PTSG\)](#) has delivered a specialist electrical services project for a world-leading supplier of energy and telecoms cable systems.

Operating in over 50 companies worldwide, the client provides its customers and communities with cable solutions based on state-of-the-art technology, consistent excellence in execution and in-depth understanding of the needs of an evolving market. It leads the field in sustainable growth and profit now, for the future of the cable industry.

In this project, PTSG Electrical Services Ltd delivered a '1st Stage Strategy' alongside its renowned TraQit system. Both of these elements combined to help the client achieve an immediate level of compliance and now allows a structured planning of the testing programme.

The client praised PTSG's engineers for the manner in which they covered a large and complex site so well, keeping them up to date with their progress continually. The hope on both sides is that it leads to an ongoing successful working relationship.
