

PTSG is a Constructionline Gold member for Water Treatment

2 years ago

[Premier Technical Services Group Ltd \(PTSG\)](#) is delighted to announce that HCS, part of [PTSG Water Treatment Ltd](#), has been confirmed as a Constructionline Gold member.

Buyers rely on the Constructionline platform to identify suppliers that enable them to complete a whole host of projects. All members are validating, providing those buyers with a pool of high-quality suppliers they can confidently engage with.

Constructionline gold is a premium membership level. It illustrates to buyers that an organisation has been subjected to increased scrutiny around governance and risk management.

PTSG prides itself on exemplary customer services in all areas of business throughout its five divisions; becoming a Constructionline Gold member in the area of Water Treatment underlines the Group's commitment to quality in that specialist area. PTSG has maintained a contract renewal rate at or above 88% for the last 15 years.
