

## PTSG to safeguard South London residences

2 years ago

[Premier Technical Services Group Ltd \(PTSG\)](#) has secured a contract to deliver specialist electrical services at a residential development in Herne Hill, London.

Meath House, an eight-storey apartment block, is part of the GLC-built Meath Estate on Dulwich Road. Such buildings require lightning protection systems to provide a straight path for lightning strikes to reach the ground and maintain safety for all.

In this project, Engineers from [PTSG Electrical Services Ltd](#) will install a brand-new lightning protection system at Meath House.

PTSG is the UK's leading provider of lightning protection services. Its engineers are at work throughout the nation, delivering test and inspection, repairs, upgrades and brand-new bespoke or off-the-shelf lightning and surge protection systems. PTSG serves clients in all industry sectors.

The Essex office of PTSG Electrical Services Ltd (trading as JW Gray) is thought to be the oldest trading provider of lightning protection services in the UK, possibly even Europe. It was established in 1835.
