

Q3 has acquired Millennium Cleaning Services, Jersey

2 years ago

Q3 Services Channel Islands has acquired 100% capital in Millennium Cleaning Services Limited (MCS), based in Jersey.

This acquisition emphasises Q3's commitment to expanding its presence in the Channel Islands, where it believes there is potential to realise many new business opportunities in both Jersey and Guernsey.

We welcome José Alves, the previous owner of the business, into the Q3 team in Jersey, working alongside Q3's Operations Director, Matthew Galvin.

Ken Nicolle Managing Director of Q3 Services said: "Q3 is confident to further invest in the future of our Channel Island businesses and we look forward to developing close relationships with the MCS clients."

MCS will retain the MCS brand and continue to operate from offices by the harbour in St. Helier.

Q3 were advised on the acquisition by Rebecca de Freitas and Chris Hendry of law firm Viberts.
