3 years ago

Vertas Group has been awarded the ROSPA Gold Medal Award, for receiving five consecutive Gold Awards. The award recognises the Group's unwavering commitment to maintaining the highest health and safety standards in the workplace.

The RoSPA Health and Safety Awards is the largest occupational health and safety awards programme in the UK. Now into its 67th year, the Awards have almost 2,000 entries every year, covering nearly 50 countries and a reach of over seven million employees. The programme recognises organisations' commitment to continuous improvement in the prevention of accidents and ill health at work, looking at entrants' overarching health and safety management systems, including practices such as leadership and workforce involvement.

A spokesperson said: "This is an amazing achievement and is testament to the excellent health and safety standards that are maintained across the Group. Our colleagues are at the heart of everything we do, and it is their consistently high standards that make winning a prestigious award like this possible."
