

Front of house support for Kimpton Fitzroy London

2 years ago

Atlas Hospitality has been appointed to deliver the overnight front of house cleaning service at Kimpton Fitzroy London, a historic five-star hotel located on Russell Square. The hotel prides itself on 'luxury without the fuss' and is part of IHG Hotels and Resorts.

The contract commenced on 1 February 2023 and covers cleaning of all public areas, including the impressive marble lobby with its Zodiac mosaic, and the restaurants and bars. The appointment was made because of Atlas Hospitality's reputation for high quality services at other luxury hotels.

Kimpton Fitzroy executive housekeeper Sandra Frade commented: "At Kimpton, we believe in creating meaningful partnerships in order to deliver elevated guest experiences. We're so pleased to be working with Atlas Hospitality on delivering our vision throughout the hotel."

Atlas group managing director Chris Wisely said: "We are delighted to have been awarded this front of house cleaning contract and to be supporting the Kimpton Fitzroy and its guests with the highest quality services. Atlas Hospitality provides specialist cleaning and support services tailored to the exacting requirements of London's luxury hotels and restaurants, with client focus our top priority."
