

Join KI at Clerkenwell Design Week

2 years ago

KI, the trusted expert for contract furniture solutions, will be appearing at Clerkenwell Design Week from 23rd-25th May 2023 at Old Sessions House, Clerkenwell Green, EC1R 0NA.

KI's latest products will be showcased, including the versatile Postura+ One Piece Chair, now made with 30% recycled content, the elegant Grafton chairs, the comfy Take5 ottomans and many more products from its ever-growing portfolio.

Old Sessions House will play host to the launch of our latest dive into flexible workspaces, the Clubhouse – a flexible system of acoustic frames and panels that can create a variety of private and collaborative spaces.

Clerkenwell is home to more creative businesses and architects per square mile than anywhere else on the planet, making it truly one of the most important design hubs in the world. To celebrate this rich and diverse community, Clerkenwell Design Week has created a showcase of leading UK and international brands and companies presented in a series of showroom events, exhibitions and special installations that take place across the area.

Celebrating its 14th year in May 2023 (23-25) the award-winning* CDW has firmly established itself as the UK's leading independent design festival and annually attracts the international design community to this small area of London for three days of exciting events.

This year's design festival features 10 exhibition venues, 140+ showrooms, engaging installations, topical talks with leading creatives, hundreds of programmed events, fringe activities from local practices and tantalising deals across EC1's restaurants and bars. [Find out more.](#)
