

PTSG to work at luxury Bracknell development

2 years ago

[Premier Technical Services Group Ltd \(PTSG\)](#) has been contracted to deliver specialist electrical services at a new development of luxury homes in Bracknell in Berkshire.

Coopers Hill will consist of 52 new-build properties with a mixture of 2 & 3-bedroom apartments and 2 & 3-bedroom houses set in the heart of Berkshire. The aim is to create new homes for families, first time buyers and older people, all within easy reach of the town centre. It is designed to be an inclusive community that sits in a green and attractive setting, complementing the surrounding character of the site.

There are strong transport links from Coopers Hill, with Bracknell Train Station providing direct links to London Waterloo in just over an hour.

In this project,. Engineers from [PTSG Electrical Services Ltd](#) will install a brand-new lightning protection system at the development.

PTSG is the UK's leading provider of lightning protection services. Its engineers are at work throughout the nation, delivering test and inspection, repairs, upgrades and brand-new bespoke or off-the-shelf lightning and surge protection systems. PTSG serves clients in all industry sectors.
